Education

Southern New Hampshire University

B.S. Computer Science, GPA: 3.575 • Expected Aug 2027

Experience

Tyson Foods | Eagle Mountain, UT Warehouse Supervisor

March 2025 – Present

- Lead high-volume distribution operations, ensuring accuracy and efficiency.
- Manage team performance, safety compliance, and KPIs.
- Improve processes to increase throughput and reduce errors.

Tyson Foods | Eagle Mountain, UT Operations Administrator

Aug 2021 – Mar 2025

- Improved workflow efficiency by 20% through data-driven optimization.
- Reduced costs by 15% by identifying inefficiencies.
- Managed scheduling, inventory systems, and cross-functional coordination.

FedEx Ground | Ventura, CA Operations Manager/HAZMAT Specialist

Dec 2017 – Jan 2021

- Reduced sorting and handling errors by 30% through process improvements.
- Led safety compliance and hazardous materials operations.
- Trained and developed employees in high-pressure environments.

Projects

Galaxy's Edge Ride Planner (C++)

- Built a command-line ride planner using priority-based sorting and optimization strategies
- Implemented file I/O for persistent data storage
- Optimized ride scheduling based on wait times and user input

Budget Tracker (C++)

- Developed a console app to track and categorize expenses
- Implemented file storage and spending analysis by category
- Designed efficient data structures for performance

Skills

Languages: C++, Python, Java, SQL

Concepts: Data Structures, Algorithms, OOP, File I/O

Tools: Git, GitHub, Visual Studio
